

The EU-Commission wants to know your opinion on cash restrictions. Do let them know!

Norbert Haering - norberthaering.de

As an esteemed member of the European public, you might be unaware that the EU-Commission is keen on knowing your opinion on possible restrictions on cash payments. Now you know. You should certainly let the EU know about your opinion, so they don't make their decision based only on the input of those who make money on digital payments or want your data. You can answer the [questionnaire](#) in English or any other official EU-language. There is an opportunity to upload a document, in which you lay out your position on cash restrictions.
